

In addition, Dr. Emerson observed that the scum which rises from the juice of this cane, as well as the leaves from the stalks, afford a grateful and nourishing food for many animals.

Dr. R. E. Rogers expressed the opinion that many of the failures in making sugar from the Chinese Cane, have been owing to the canes not having been cut and pressed at the proper stage of development of the saccharine matter, and to a want of skill in the process of evaporation.

The Society then proceeded to ballot for a librarian for the ensuing year, and Mr. J. P. Lesley was elected.

The Standing Committees of the Society for the year 1858, were then appointed as follows:—
